10/14/2002 18 : 37

THE COMMITTEE IS RESPONDING TO YOUR LETTER OF SEPTEMBER 11, 2002 CONCERNING OUR 7/1/01 - 12/31/01 YEAR-END R

Your letter indicates contributions to candidates were made for the 1998 elections. The contributions in question were all for 2002 elections and the checks to the candidates were all appropriately designated as fore the appropriate 2002 election. The 1998 designation on the report was due to clerical error. An amended report is being file to correct the oversight.

The report is also being amended to include Schedule B for Line 21(b) to disclose operating expenses. This schedule had been previously prepared, but apparently in the electronic filing process, the Schedule did not get included.

Your letter indicates that the committee has reported limited administrative expenses. This letter is to confirm that all such expenses have been adequately disclosed. The treasurer personally handled virtually all of the back office administrative tasks on a volunteer basis. This included all bill paying, miscellaneous correspondence, preparing and filing the FEC report, and other functions as needed. The treasurer performed these services on a computer in his personal residence. The committee has no other office location, no rent, not utilities (other than telephone, which has been reported), and no salaries of any kind.

Please feel free to contact the committee is you would like additional information.
